The result? Lasting transformation that empowers you to achieve your goals.

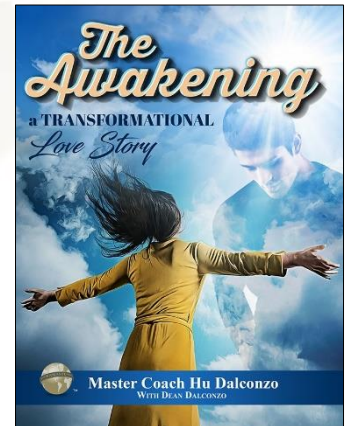

Coach Hu is Recognized as the #1 Authority in the Transformational Life Coaching Industry.

Master Coach Hu's reputation precedes him. Since 1993, he has conducted over 10,000 coaching sessions, using his life-altering and trademarked exercises. His 13 life coaching textbooks, including the #1 BEST SELLER "The Awakening," serve as essential resources for his certification students, equipping them to become professional coaches themselves. *When it comes to transformational life coaching, Coach Hu stands head and shoulders above the rest.*

He is the founder of Holistic Learning Centers, Inc., which is the oldest Transformational Life Coaching Certification school in North America. Hu has researched hundreds of self-help authors, leaders, gurus, and saints. And he is a scholar of some of the works of Tolle, Chopra, Ram Dass, Dyer, Zukav, Singer and DeAngelis in the same way a psychologist might be a scholar of Maslow or Freud's work.

Coach Hu's 14 book is his #1 BEST SELLING novel titled, ***The Awakening, a Transformational Love Story***. His intention was that the souls who read it, will relate to the emotional challenges, insights, and transformational life lessons that the characters experience as if it was happening to them *because this novel's stories are based on what happened to real people, in real time.* Coach Hu knew that reading this book would be the best way for readers to grok what it's like to receive clinically proven *HuMethod™* coaching sessions, from him or one of his graduates.

Coach Hu believes that doing this inner, self-help work right now is extremely important for globally conscious souls because... *there are no more awards for predicting global catastrophes, only for doing the required personal work needed to build a transformed and interconnected, planetary community.*

The *HuMethod™* title was chosen because the word "Hu" refers to the subconscious, divine and quantum powers that exist within all human beings. Mastering how to tap into these Universal Powers is why *HuMethod™* Certified Coaches can create the permanent behavioral changes needed for their clients to manifest their self-help goals as quickly as humanly possible.
